

Call for Consultancy Service

Reach for Change is registered in Ethiopia as Foreign Organization with certificate number 3419. Reach for Change Ethiopia works positively to impact the lives of youth, women and children in Ethiopia and build the capacity of local social entrepreneurs to drive social development on a large scale and contribute to the alleviation of unemployment and poverty in Ethiopia.

Reach for Change Ethiopia in collaboration with GIZ and its Innovation lab program, provides capacity-building support for selected social entrepreneurs. The aim of the capacity-building support is to provide the program participants to develop a prototype, tested and have a minimum viable product.

The aim of this specific capacity building support is to provide the GIZ innovation lab program participants to become financially sustainable which includes being able to manage their finances, understand the business registration process, compliance and appropriate business form.

The purpose of this TOR is for the consultant to conduct Financial Management and Business setup training for 15 social entrepreneurs for the Innovation lab program participants supported by GIZ/ Reach for Change in 2021 at Assosa Town.

Expectations/requirements of the consultant/team

The financial management team will have the following competencies and skills:
